

JETCRETE AUSTRALIA

ENVIRONMENTAL POLICY

JETCRETE AUSTRALIA is committed to consistently providing all products and services in accordance with the client's specific requirements and relevant environmental legislation.

JETCRETE AUSTRALIA recognises that an important aspect of this is the management and preservation of the natural environment in line with both the Company's and our client's legal and moral obligations.

All environmental management shall be undertaken through planning and controlling the managerial, technical and safety aspects and verifying that the outcomes of the planning and control activities have been successful.

The Company also aims to achieve sound environmental management practices by having a properly managed Environmental Management Plan and ensuring that all relevant staff is suitably educated.

All employees of JETCRETE AUSTRALIA are responsible for their impact on the environment and are required to comply with the Environmental Management Plan as outlined in the Environment Manual. All employees shall be made aware of these requirements by their supervisors.

The JETCRETE AUSTRALIA Environmental Management system is regularly reviewed to ensure current best practice, continual improvement and commitment to environmental management.
